

Hello, I am Benjamin Shvartsman

Although I am among many fierce applicants, I strongly believe I am your candidate because I am

fearless in adversity!!

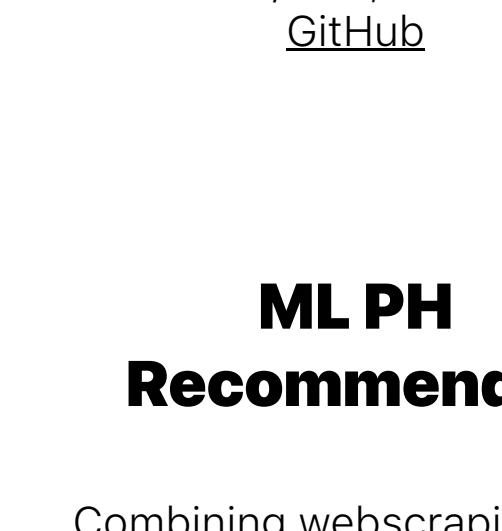

About Me

I'm a wrestler @ Cornell, future software engineer, ai enthusiast, starbucks consumer, judoka, quality ping pong player, and chess.com addict!

Whether it's being in charge of my sister's and my dance couple (she will say she was 😊), being a 4x captain of Deerfield HS chess team (chess.com elo of 2129), or leading the wrestling team to its highest ever team state finish with 2nd (2x captain, 3x All-State, 1x Undefeated State Champion), I strive to be a leader and help people around me succeed.

Regarding coding, I am passionate/intrigued by its difficulty and I am always trying to expand my computer science dexterity! I am always ready to pick up and learn new technologies or skills; however, my current skill set consists of:

LANGUAGES

Python, HTML/CSS, Javascript,

Java, Dart

English (fluent), Russian (native),

Spanish (working proficiency)

LIBRARIES/FRAMEWORKS

Django, React, Scikit-learn,

Numpy, Pandas, Matplotlib

Tools, Platforms & More

Prompt Engineering, ChatGPT,

Git, Github, Figma

Soft Skills

Leadership, Listening,

Communication/Collaboration,

Creativity

Projects

Portfolio Websites

ben.shvartsman.com and julia.shvartsman.com are two portfolio websites (coded from scratch) designed to showcase my other cs projects and my sister's dancing!

SKILLS
HTML/CSS, Javascript
[GitHub](#)

Club Management System

Manages a wrestling club with membership, event, stripe payment, and attendance features (Full stack web app)

SKILLS
Django, Python, React, Javascript, SQL Lite, Stripe API
[GitHub](#)
